	The healthy looking child: can you trust your first impression?	Eng	Stefan Rune Kat Evans	The child in front of you in your ED is looking just fine, you think. Or is it? And the history, is it alarming? To distinguish healthy from sick children might be challenging. What are the pitfalls?
	M&M Exploring the thought behind action	Eng	Simon Carley Kristina Bengtsson Linde	Exploring the thought behind action – how to use a practical method suitable for clinical cases in EM. The participants are asked to bring a case with room for improvement. The intention of the workshop is to exchange experiences and practical tips, as well as attempting to create a Swedish model for cognitive M&Ms.
	How to run a journal club	Eng	Ulf Ekelund Simon Carley	The basics of a journal club will be covered; how to organize and to choose time, place, audience and papers. Plenty of room for discussions about how we can make this happen in our own EDs!
	Reality Check. Hur få dina ST-läkare att uppfylla målbeskrivningen när du inte gör det riktigt själv..	Swe/ Eng	Patrik Söderberg Rob Rogers (on link)	Hur ska man göra för att få till en utbildning på sin utbildningsort som håller hög kvalitet och uppfyller målbeskrivningen? Workshopen vänder sig till utbildningsansvariga. Vi kommer att inventera olika problem och se vilka möjliga lösningar vi kan finna. Rob Rogers kommer att vara med på länk under en del av workshoppen för att svara på frågor och dela med sig av sina erfarenheter.
	Very sick children - tips and tricks	Eng	Ingmarie Hässler Frida Meyer	Very sick children can cause a lot of stress in the ED. But it is avoidable. In this workshop, you will get practical tips how to manage a very sick child, as well as an ego boost.
	Clinical logistics	Eng	James French	This is an interactive workshop where you get the tools to organize your emergency room so that every procedure runs smoothly. There is a checklist for everything!
